MARCH 2012

## A resounding success

*Morgan's visit coincided with our school's International Day and World Book Day, so the stories suitably reflected an international flavor. Each presentation was different, and clearly much thought went into the preparation. There was very positive feedback from teachers and students, not least reflected in the webpages of individual classes. Morgan's inclusion of rhymes and songs, rhythm and music made the sessions not only enjoyable but also promoted the concept of oral storytelling.*

## CELEBRATING DIVERSITY AND CITIZENSHIP, PROMOTING LITERACY AND TOLERANCE THROUGH STORYTELLING

International storyteller, author and musician, Morgan Schatz Blackrose is available to visit International schools in HONG KONG in March 2012.

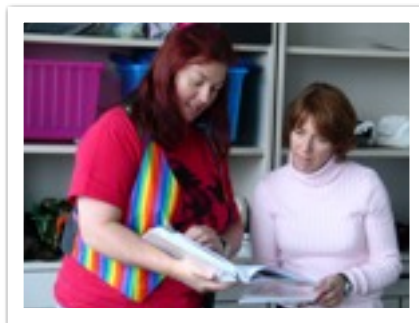

With 24 years performing experience to a diverse range of audiences in Australia and throughout the world, Morgan divides her time between teaching storytelling to Early Childhood Professionals and researching and performing traditional tales to celebrate humanity. She welcomes suggestions from teachers to address specific curriculum outcomes in her concerts. Her extensive repertoire allows her to draw on traditional world stories and present them in an entertaining format. Morgan is also an accomplished musician and her presentations are both visually and aurally exciting.

Morgan is the author of four storytelling handbooks for early childhood educators and offers tailored Professional Development workshops. In

collaboration with her husband, artist and photographer Roman Schatz, they offer a series of workshops for

students of all ages, that explore the concept of identity through the exploration and creation of contemporary art. For free downloads of their papers and literacy resources please go to their website.
